

Report on Earth Day Activity (21.04.18)

To mark the importance of Earth Day, an activity was arranged for students of every class on 21.04.2018. The students of Class Nursery & K.G. were taken for Nature Walk in park. The students of class I & II were shown a short film on nature on smart board. It left a deep impact on students to love their motherland and nature. And teachers also taught them to keep their city Clean & Green.
